- Full-Stack Web Development Certificate**
CareerFoundry
2024
- Bachelor's of Fine Arts**
Concordia University Texas
2008

SUMMARY

I am a passionate web developer proficient in Javascript, HTML, and CSS, with a portfolio showcasing my skills. Despite juggling a full-time job and family commitments, I have dedicated myself to crafting innovative projects. Very eager to apply my coding passion professionally.

Prior to coding, I thrived as a professional musician, collaborating with platinum-selling artists. I honed invaluable skills that transcend industries. I collaborate well and can meet deadlines. Highly attentive and disciplined.

DEVELOPMENT PROJECTS

- Built a movie database app, and hosted it on Netlify. Front-end uses react-bootstrap for styling and layout. Server-side uses a custom API, made with MongoDB and Mongoose.
- Created a React app which displays software development courses from all over the world. Uses content from a Google API.
- Made a vanilla Javascript app about Pokemon. Uses a Pokemon API to display stats of individual Pokemon characters.
- Made a simple to-do list app, using vanilla Javascript.

PROFESSIONAL EXPERIENCE

- Driver**
UPS, San Antonio

October 2020 - Present

 - Employed by UPS at multiple roles over years, currently a Full-Time Combination Driver.
 - Responsible for strategically planning and managing a daily route.
 - Highly reliable and punctual self starter at a demanding job. Delivers packages in high volume, safely and efficiently every day.
- Professional Musician**
Self-Employed, Austin/San Antonio

May 2008 - October 2020

 - Professional touring/recording guitarist for multiple international artists. Some include: Granger Smith, Jaci Velasquez, Todd Agnew, Kevin Max (of DC Talk), Alpha Rev, Roger Creager.
 - Honed musicianship with tens of thousands of hours of diligent work. Leveraged expertise in project management and agile learning with interpersonal skills and continual collaboration.
 - Proven, high level performer both in the studio and for live concerts. Thoroughly versatile in all relevant skillsets.
- Director of Worship and Arts**
Community Bible Church Bulverde

April 2015 - June 2019

 - Full-time management role of a 1,200 person congregation. Gave direct oversight of 28 employees and volunteers. Managed a budget of \$126,540 annually.
 - Planned and led all technical and creative aspects of weekend services. Regularly used software applications like Ableton Live and Logic Pro X.
 - Met weekly deadlines, organized teams, streamlined creative solutions, and trained employees in meeting high production values.
